CAPACITY AUDIENCE HEARS FATHER FLANAGAN

Approximately 1500 persons, the largest crowd ever assembled in the Albany High School auditorium, heard the Rt. Rev. Msgr. Edward Flanagan, Monday night and heard a distinguished juvenile leader and member of Boys Town deliver his major talk in the East Bay on Western tour with the Boys Town football team.

Father Flanagan, whose efforts to salvage older men over a period of five years, convinced him that it is worth which must be saved, started the original boys home with a borrowed \$90 and left over furniture. This enterprise has now grown to be internationally known home for abandoned, neglected and homeless boys, through which in 27 years, 5000 young boys have passed to become better citizens.

He declared that America spent over \$15,000,000 to \$20,000,000 annually on punishment of juvenile offenders in what he termed "replacements of the greatest graft in the world." He continued, "We are playing politics with the lives of children," in insisting on spending this money in punishment of juvenile offenders rather than insisting on rehabilitation.

Father Flanagan stressed the fact that at the cost of sending children away to reform schools merely prepared them for possible careers in crime and insisted that neglectful parents are to blame in practically all instances and that it was not fair to punish youth for the sins of bad fathers and mothers.

"This country can only remain great as long as fathers and mothers are mindful of the responsibilities of parenthood, and realize the need of rigorous education," he concluded, "insisting on the non-sectarian administration of his Boys Town as an example of providing not only 'physical' but also spiritual ones." The meeting was sponsored by Albany Aerie 3233, Fraternal Order of Eagles, with Thomas J. Ryan, Jr., State vice-president of the order, which recently provided a 35,000 dormitory at Boys Town, introducing Father Flanagan to the audience.

District Attorney Ralph Hoyt of Alameda County and Mayor Bert E. Hall of Albany, both greeted Father Flanagan, praising his work for the boys of the nation. George Glavinovich, vice president of the local Aerie, presided as master of ceremonies.

The Albany High School Band, under the direction of Armin Wegner, and the High School Glee Clubs with Stephen Lehmer directing, provided musical numbers prior to the address. Clyde T. Gordon headed the Eagle committee in charge of the affair which included William Donahue, Ed Howell, George Glavinovich, Harold Connors, George McConnell, Charles Woodstock, Herbert Townsend, Matt Eck, Myron Minister, Karl Isakson and William Allen.

Lady Maccabees Will Hold Xmas Bazaar, Dec. 8

A Christmas Bazaar is being given by the Ladies of the Maccabees Temple, 1415 Marin Avenue, Albany, on Saturday evening, December 8, at the Maccabee Temple, 1415 Marin Avenue, Albany. Several mothers the ladies have in doing needlework and making aprons, pillow cases, tea towels, bath towels, and many other gift items. Homemade cakes, pies and cookies will be on sale from the kitchens of the Maccabees. Florence Taveira, Irene Monti and Maude Mello, whose tried baking abilities are unsurpassed.

According to Mae McCourtney, chairman for the Bazaar, a luncheon will be served from 12:30 to 2 p. m. for 50 cents; child's plate, 25 cents, will include a whist game for those who wish to stay, with a prize every table. An evening whist game will begin at 8:30 o'clock with refreshments at 25 cents and a prize every table.

This is an excellent chance to obtain Christmas gifts of some outstanding needlework. All of the donated items will be on sale at "real bargains," and the proceeds of them being donated by the members.

War Loan Drive In Second Week

As the Sixth War Loan Drive entered upon its second week, reports reaching San Francisco headquarters of the Treasury's Northern California War Finance Committee indicated that everywhere men, women and children are responding to the nation's call to "Finish the Job" and are buying extra War Bonds in large quantities.

Least this first report create an attitude of over-confidence, W. W. Crocker, Northern California War Finance chairman, warned that only persistent and continued buying of bonds will put Northern California over the top in its quota of \$385,000,000 of which \$102,000,000 must be invested in "E" bonds, the people's bonds. Encouraging, besides incomplete reports of sales, was the word that men and women in every walk of life are participating in the sale of bonds on a greater scale than ever before.

One of the most active groups of workers is the banking and investment division of which Charles R. Blyth is chairman. Functioning under this division are five subdivisions, each working in a field of its own. In the bankers' division all banks have accepted quotas. In the field of investment concerns, 47 investments, bankers, brokers and dealers have accepted quotas of \$25,000 per salesman, plus 10 transactions of \$500 or over.

One hundred life insurance underwriters have set for themselves a goal of \$25,000 per salesman, determined to purchase a B-25 Super Fortress.

Locally, the Bond Premiere Show scheduled for Wednesday evening, December 6, is expected to put Albany at least at the half way mark in its drive to meet the quota of \$443,792 set for the city, according to William J. Bowman, chairman of the local War Finance Committee.

'Y' NOTES By ELMER COBLE

The Albany YMCA has organized a new girls club known as the Clara Barton Club. Mrs. Fay Kline is the leader meeting with the group each week. Plans are being made for a Christmas party. The officers are: President, Betty Kline; vice president, Dolores Graber; secretary, Colleen Butts; treasurer, Doris Symington; chaplain, Patricia Pike; entertainment committee, Pat Gowen and Judith Willis. Marion James and Cleo Terry are also members of the club.

The boys Junior Hi-Y touch football team placed second in the league having lost but one game to Circle K. The basketball team will start practice Wednesday evening. George Yarnell is the club leader and Lyle Welch is president.

The YMCA badminton groups will have representatives in the Berkeley area WMCA Fellowship tournament Saturday evening, according to Elmer Coble. Those entering the tournament are Mr. and Mrs. K. K. La Point, Mr. and Mrs. Lloyd Gowen, Mr. and Mrs. Ross Price, Roy Hara, Francis Alling, Mrs. D. Wisenor and Mrs. R. Baumann. All games will be played in the Berkeley YMCA gym.

PHEASANT TRIP?
George Fiderio, Albany's popular tire expert, had been saving those precious gas coupons to these many weeks for a hunting trip. Came the opportune time George and Earl Ivy started for the Pheasant hunt, last week, in the wee small hours of the morning. Everything went smoothly until George's car sniffed the cool air around Davis and then there decided to "quit." Using the well known "thumb method" Ivy finally made his way back to Albany where he found a car to tow home the "Pheasant Flyer." However, after a night camped on the highway, George still reports, "Well, at least it wasn't my tires."

Eagle Scouts to Hold Initiation Saturday Night

Eagle Scout Leslie Simonsen, Commander of the Golden Bear chapter of the Knights of Dunamis, states that an initiation ceremony for the new incoming officers will be held on December 2nd, at the Berkeley War Chest office at 8 p. m. This will not only be an installation night, but will be a welcoming time for new members and old. This chapter can now boast of about 25 active Knights, which is the National Eagle Scout honor society composed entirely of Eagles.

Other officers elected for the Fall term are: Charles Robertson, junior counselor; Walter Gardner, senior counselor; Scout Orrin Scott, Associate Grand Chapter Commander, states that service to the Scout Council is the main objective for its existence. Some of the Eagle Scouts are at work repairing the installations at the El Cerrito camp Herma during the week-ends.

Berkeley Commodore Harold Graham states that a Sea Scouter training course will be given on December 17 at the Acalanes High School all through the day. Instruction in Sea Scout technique and crew leader training will be given. This course is open to all Skippers and Mates, and all ship committeemen who may wish to profit by this instructive course. Regional Vice-Commodore Walter C. Bedell states that training is essential in this older boy program for senior scouts. Certificates for training will be given, and credit will be made towards the coveted Skippers key for ship leaders. A special table for Sea Scouters is planned for the annual dinner on December 9th, according to Commodore Graham.

A three session course for the troop committeemen will start to night at the Northbrae Community Church, according to chairman Zimmerman. This course covers the elements needed to successfully manage a Boy Scout troop, and is essential to all men new to the movement who are registered troop committeemen. The course will cover the fundamentals of the Boy Scout Movement, and a movie entitled "The Scout Trail to Citizenship" will be shown. This ten hour course will start at 7:30 p. m. and will run until ten p. m. The Scoutmaster training course is also being held in conjunction with the

DECEMBER 5 TAX DEADLINE

Albany's City Treasurer Grace L. Higgins, has this week issued the following statement: "Remember December 5—the first installment of taxes are due—after that date those neglecting to pay their taxes will be considered 'delinquent.'" Mrs. Higgins further stated she hoped Albany would continue its excellent record of "few delinquents for the size of the city."

Eagles Xmas Party Set for Dec. 24

One day to 12 years, will be guests of the Albany Eagles Sunday afternoon, December 24, according to plans disclosed today. The affair, which will be the sixth annual Christmas party for the children of the city sponsored by the local Aerie, will be held at the Cornell School auditorium and will start at 2 p. m.

Candy, nuts, popcorn and other "goodies" have already been purchased and will be distributed to every child present. Top flight acts of special interest to children will be presented as a feature of the party, with Santa Claus present to lead the children in group singing and other features still in the formative stage. Members of the committee in charge of the event this year are Clyde T. Gordon, chairman; Edwin Howell, Milton Gordon, George Hollfelder, Glenn French, Carl Romnow, Paul Astorg, Gene Kenworthy, Karl Isakson, Myron Minister and George McConnell.

The Mothers Club of the School of the Madeleine will hold their next regular meeting Tuesday afternoon, December 6, at the St. Mary Magdalene Church Parish Hall, Berkeley, at 1 o'clock. The meeting will be highlighted by an interesting book review presented by Mrs. Paul W. Alston of the Berkeley Book Guild.

The usual arrangements for the care of pre-school children have been made. Dessert will be served preceding the business of the meeting. committee course, and also starts at 7:30, according to Assistant Executive Red Wilson, who is the leader of this course. All Scouters are urged to attend either of these two instructive courses, which cover the essentials of Scouting. The overnight session of the Scoutmasters course will be on December 16th and 17th, according to chairman Zimmerman.

Mrs. Zahn to Continue Mosquito Abatement War

The following "open letter to the citizens of Albany" was received this week by the Albany Times from Mrs. Kathie Zahn of 907 Santa Fe Avenue. In disagreement with City Council, that Albany should be included in the Alameda County Mosquito Abatement District, Mrs. Zahn is continuing her campaign to have this city, the only one in the county not affiliated with the mosquito abatement district, to become a part of the district.

"Fellow Citizens of Albany: "Do you know that the Albany City Council, who when elected to office took a solemn oath 'to protect the health of citizens within the community', have been derelict in their duty regarding a matter that may jeopardize the health of all citizens?"

Such action was taken by members of the city council last week when they disregarded warnings of Alameda County and State of California public health officials. They refused to provide sufficient health protection regarding 'pesty mosquitoes' and to join with neighboring communities in the Alameda County Mosquito Abatement District. But that's getting ahead of the story. I would like to present the entire picture regarding mosquitoes to you and let you the taxpayers of this community be the judges.

"Four weeks ago, following months of annoyance by mosquitoes, I telephoned the Alameda County Abatement District for assistance, and was informed that no citizen of Albany is being offered 'protection from mosquitoes' as this city is not affiliated with the District. Further investigation revealed that Albany was the only city in Alameda County that is not a part of the District, and that the city council refused to become a part of the District in 1930 when it was founded, and refused again in 1937.

"Realizing the danger to health that mosquitoes can do, especially now, with the advent of known and unknown tropical diseases, and new diseases never confronted before in this State, I secured the necessary legal forms in order that Albany may become a part of the Alameda County Mosquito Abatement District.

With the proper and necessary documents I appeared before the Albany City Council on November 13, and requested that its members take the necessary legal steps to become a part of the District. The City Council referred the matter to City Health Officer Dr. Robert T. Mc-

Breakfast Clubs to Meet Sunday

Mrs. Opal Villa, president of the Albany Women's Breakfast Club, announced today that a meeting of the women's and men's clubs will be held Sunday, December 3. The meeting is scheduled to open at 9 a. m. and the Palm Garden Restaurant will be the setting. Mrs. Villa states that there will be special entertainment at this Sunday morning session.

Garren Host to Exchange Club

Last Tuesday evening the Albany Exchange Club met at the home of Mr. and Mrs. William Garren where a festive dinner party was arranged by Mrs. Garren as hostess to the club. Following the dinner the guests re-assembled at gaming tables to indulge in what was known as "Reno night." The games being for the purpose of raising funds to defray expenses of the coming War Bond Premiere Show on December 6 but for some unknown reason the games ran to jack pots and the club treasurer, Stan Williams, had a difficult time satisfying the customers, according to reports.

The house was beautifully decorated in red berries and members attending this dinner party voted Mrs. Garren "a most perfect hostess."

The club has made arrangements for all members to attend and act as hosts for the Bond Premiere gathering at the Albany Theatre on December 6, which it is sponsoring in cooperation with the Eagles and the American Legion. All members are selling Bonds and securing pledges.

On Friday, December 8, the club will hold its annual Christmas party which this year will be a dinner-dance at the Hotel Alameda. Tickets are being sold by members with Ed Haran heading the committee. The party will be informal and the entertainment is being arranged by John Ogden.

Owners Urged to Register Bicycles

Chief of Police Stanley C. Williams announces that bicycles will be registered on Saturday mornings only for the next two weeks at the local police department with Officer V. Freeman in charge of the detail. Thereafter for the next four weeks Saturday afternoons will be the time of registrations.

All residents of Albany who own bicycles are urged to register their bicycles and have them stamped with the Albany department number. There is no charge for this service and it assists the owner in locating the bicycle in case it is stolen. It also assists the police department in locating the owner when it finds an abandoned bicycle with the Albany number on it.

Mahon and City Engineer Ulric Grey.

In their report to the Council on November 20, Dr. McMahon and Mr. Grey pointed out 'it is our opinion that what few mosquitoes may be found here in the summer time do not originate in this city but are migrants from neighboring communities, and for that reason we see no necessity of paying several hundred dollars a year to an outside concern to treat a non-existent breeding ground.'

"However, Harold F. Gray, sanitary engineer and executive officer of the Alameda County Mosquito Abatement District, takes exception to this report stating in a letter addressed to me that I quote, 'Each year we receive requests from residents of Albany for relief from mosquito annoyance. Usually the complainants are surprised that Albany is not in the District, and displeased when we decline to render service on that account.' The few investigations of mosquito breeding in Albany which we have made in the past years indicate that the normal amount of mosquito breeding, to be expected in an average residential city, occurs in Albany. It is sufficient to cause local annoyance. Garden pools, street inlets, or catch basins, utility street vaults, artificial containers, water leaks, creek bed pools, broken plumbing, etc., contribute their due share of mosquitoes. ... Concerning the Landing Craft base at the Albany race track, this District will continue to cooperate with Naval authorities in the control of mosquitoes at this base, irrespective of any action taken or not taken by the City of Albany. We do this as a matter of correct public

(Continued on page two)

BOND PREMIERE SHOW WEDNESDAY, EVE., DEC. 6

Legion to Elect Vice Commander

By WALTER HOLLAND
Albany Post 292, the American Legion, will hold an election to fill two vacant places in the Post's line of officers, tonight (Friday). Mason Layton and Roy Olson, so far, are the candidates who aspire to the office of second vice commander, and for the station of sergeant-at-arms F. J. Flannery and William Storck have their names before the Post for consideration. However, there may be other names presented for consideration as the nominations will be open until ballot time. The meeting, as usual, will take place in Veterans Memorial Building.

The 20 past commanders of Albany Post have been called to meet at the Memorial Building Friday evening to lay out plans for the program and doings for the night of December 15 when the Past Commanders are scheduled to stage a night for Post members and a large group of convalescing boys from Bay Area Service hospitals. Past commander chairman is Godfrey P. Hanson and he will have assisting him in the details of putting on the "night of nights" for Albany Post, James A. Sartain, Earl Hodgkins and Ammon A. Cook. These past commanders are calling on O. C. (Chub) Yenne and Fred Houser to have a part in planning and serving the refreshments. . . maybe, a Yenne Clam Chowder.

To assist in the Sixth War Loan Drive in Albany the Post will turn over to the War Bond Committee the use of the Post's portable public address system and will furnish the men to man and operate the mechanism while the community committee will provide the speakers and announcers for this all-important Bond Drive.

"Tars and Spars" To Be Shown In Oakland

The United States Coast Guard musical revue, "Tars and Spars" now on a nation-wide record-breaking tour, makes its only appearance in Oakland beginning December 7. It will be seen on the stage of the Orpheum Theatre.

Unlike the other service shows, "Tars and Spars" plays before mass audiences instead of high-priced reserved seats. There is a definite purpose behind the show, which is the recruiting of SPARS and 17 year olds, and the quickest way to reach the most people was in the film-vaudeville unit idea playing the nation's leading variety theatres at popular prices.

Their foresight has been justified by the figures. "Tars and Spars" has been on the road eight months, and there are many weeks of bookings ahead. Playing only in motion picture theatres, the stage revue has been seen by more than 5,500,000 persons. When available dates are exhausted, the company will proceed to Hollywood to be filmed for a cinematic by the same title.

The 60 minutes of fast-paced entertainment is built along conventional lines for stage presentations. It has a name star in Chief Boatswain's Mate Victor Mature, back on the stage after 14 months of convoy duty aboard a cutter in the North Atlantic. Mature has a line of service ribbons with stars to show for his sea duty, and has seen much action.

Mission at Saint Ambrose Church

All are invited to attend the Mission which will be given in St. Ambrose's Catholic Church, Gilman and Stannage Streets, during the week of December 9 to 10 inclusive. The Mission will be conducted by the Rev. William G. Butler, a Diocesan missionary. Non-Catholics who may be interested in hearing a presentation of the Catholic way of life are cordially invited. The Mission will be offered up for the intention of the 221 servicemen whose names appear on the Honor Roll of the Parish. Order of exercises for the Mission are:

1. Morning Masses and communion at 6 and 8 o'clock.
2. Evening services 7:45 o'clock.
3. Confessions: Every morning and evening during the Mission.

Mosquitoes (Cont'd)

policy under war conditions.

Following the reading of the report of Dr. McMahon and City Engineer Grey, the City Council on November 20, 1944, approved the report by unanimous vote, and denied my request that the City of Albany also belong to the Mosquito Abatement District.

"Under the 'Good of the City' at the same council meeting I spoke up again and requested that Mayor Bert Hill appoint a committee to circulate petitions to secure the necessary number of signatures, thus giving citizens an opportunity to determine whether or not we would invest in this vital health protection.

"The Council denied my request, and when I inquired what the Albany householder should do if bothered by mosquitoes, I was informed by one of them that if he were bothered he would not come down and ask the city council to take steps to annex the City of Albany into a mosquito district, but would find the mosquito himself and not ask other taxpayers to help pay for it.

"Fellow citizens, do not take my word alone. I consulted Dr. Wilton L. Halverson, State director of public health, and he informed me in writing that 'aside from the great nuisance created by mosquitoes there is the fact that mosquito bites sometimes result in secondary infections, especially in children who like to scratch the areas bitten by mosquitoes.'

"In addition, I sought the opinion of Edward A. Reinke, senior sanitary engineer of the Bureau of Sanitary Engineering, State Department of Public Health, and I quote from his letter, 'the incidence of horse brain fever, which has been found to be transmissible to humans, has caused concern among public health officials throughout the entire State of California. With the return of war casualties from areas in which mosquito-borne diseases are prevalent, it has naturally followed that the public has

been more interested in mosquito control.'

"Both Dr. Halverson and Mr. Reinke pointed out 'that the mosquito control is a specialized subject requiring the supervision of men expert in the field.'

"On November 18, 1944, Dr. McMahon, in response to my inquiry on whether mosquitoes constitute a nuisance or jeopardize the health of our community replied, 'in answer to your letter of November 14, the contents seem to be very constructive providing the definite need be established over and above what is already being done in the City of Albany relative to abatement of mosquitoes.' (All that is being done at present to abate mosquitoes in the city is that creeks at the north and south boundaries, the open catch basins and 'all other likely spots' (whatever that might mean) are oiled by the city two or three times a year; and when a householder complains about mosquitoes the humane officer is sent out to locate them. Primarily hired to take care of stray animals his services would naturally be of no value as far as mosquito abatement is concerned.)

"When the City Council informed me on November 20, 1944, that the matter of mosquitoes was 'closed' with the filing of the report of Dr. McMahon and City Engineer Grey, I told the council members that since

they obviously were not interested in providing us with proper mosquito abatement, I, myself, would obtain the necessary 473 signatures required by law in order to provide Albany with health protection against mosquitoes.

"Fellow citizens, for many years you have known me as an ardent supporter of numerous measures for the benefit and welfare of the City of Albany. I have given freely of my time and energy for the good of all.

"At this critical time I solicit your active support and cooperation in obtaining the necessary 473 signatures of registered voters required by law, thus enabling our community to become a part of the Alameda County Mosquito Abatement District. The cost involved for such services and protection is a matter of pennies for each property owner and I do mean pennies. The smallest property owner, residing in a small home or cottage will not miss those few pennies, especially when he knows that his entire household is given the finest protection available by competent and scientifically trained personnel.

"Just what is the actual cost involved? Based upon the 'assessed valuation' of property and not current skyrocketing sales values the cost is as follows: It is \$0.007 per \$100 assessed valuation. This would mean

that a home having an assessed valuation of \$2000—would pay a meager 14 cents per year. On information from the city clerk I have been told that the majority of private homes in Albany have an assessed valuation of \$2000—or less. That means that you—and you—and I can purchase the finest in health protection against mosquitoes for 14 cents or less per year.

"It further means that for 14 cents or less per year, you—and you—and I, now bothered by mosquitoes, could just lift the telephone receiver, call the Alameda County Abatement District Office and a scientifically-trained man would be assigned to find the breeding source and rid your home of mosquitoes. It would mean that owners of outdoor fish ponds would be supplied with mosquito fish

upon request and that all creeks within the city would be oiled and treated to prevent mosquito breeding; that street inlets and catch basins would be oiled and treated at regular intervals.

"We are the only city in Alameda County without this valuable health service. Are we going to remain isolated, or join with neighboring communities who have had this service for many years?

"I need your active support and cooperation now, as this is a worthwhile community effort and I cannot accomplish it alone.

(Signed) KATHIE ZAHN."

In planning your home of tomorrow make sure that the wiring will be adequate to take care of the many new appliances you will be using.

The new appliances in your postwar home will be your hard-working servants. They will need the full power of electricity in order to work efficiently and economically. If, however, your home is inadequately wired, these appliances may become "jammed up" at convenience outlets. This drops voltage and your appliances work longer with half-hearted energy and thereby cost more to operate.

Plan each room in your postwar home for adequate wiring. That means plenty of convenience outlets, switches and circuits with big enough wire size.

Discuss wiring completely with your architect, your electrical contractor or the wiring experts of this company. The difference in cost between cheap "skimp" wiring and adequate wiring is very little. Adequate Wiring will repay you with lower appliance operating cost, more convenience and comfort and help eliminate the inconvenience of blown fuses and dimming light due to overloaded circuits.

Group Hospital Plan." Now, you may insure not only yourself, but your entire family, for but a few cents a day.

With home and industrial accidents on the increase, thousands are using group insurance to protect themselves, their wives, their children, their families. It is estimated that one out of every five families require hospitalization annually, and that approximately eight million persons are sick every day in the United States.

Many people incur physical complications because they neglect seeing a doctor or getting adequate medical

attention. Statistics prove the average person with a low cash reserve or income can not insure severe loss caused by accident or illness. Preparing for such emergencies many people carry the safe, low-cost protection of the Family Group Hospital Plan of the Postal Union Life Insurance Company. Full particulars will be sent, without obligation, if you call the Albany Times or Hilltop Mirror, Landscape 5-1510, or just send a penny post card with your name and address. A coupon for your convenience appears elsewhere in these papers.

John Chapel to Be Guest Speaker At Dads Club Meet

John K. Chapel, KROW's foreign news analyst, will speak to the Marin School Dads' Club Tuesday night, December 5, in the Marin School Auditorium. Mr. Chapel was born in Russia, December 25, 1904, and his godparents were the late Queen Marie of Roumania and King Christian of Denmark. He was educated by private tutors who included the former president of Latvia, Karl Ulmanis and Marshal Von Manherheim of Finland.

Chapel also attended the University of St. Petersburg, T. Thomas Academy in England, University of Virginia, and the Northwestern Extension Law College in Boston.

President Charley Markley extends an invitation to all Dads of Albany to attend this December meeting and hear Mr. Chapel as an excellent talk on international affairs is expected from this popular news analyst.

Grace Lutheran Church

The Sunday School and Bible class meet at 9:45 a. m. Special rehearsals for the children's Christmas service on Christmas Eve will be held on the Saturday mornings in December at 11 o'clock.

In the hour of worship at 11 a. m. the Rev. O. R. Janke, pastor, will preach the first in a series of pre-Christmas messages on the general theme, "The Birth of Christ." His first topic will be "Born to Preach."

More for your Savings

WHY be content with savings without earnings when you can be earning an attractive return while enjoying complete safety. Simple arithmetic applied to the rate of earning offered by the Albany Federal Savings and Loan Assn. proves your savings bring you nearly twice as much in safe profits as in ordinary savings accounts. Open your account with any amount... add to it regularly... and watch your fund grow.

W. J. BOWMAN, President
1377 Solano Ave. Landscape 5-1145
Tune in KRE Sunday Evenings 9:45

They started it!

LET'S FINISH IT!

Back the 6th War Loan . . . Help Defeat Japan!

REMEMBER the gaping holds of ships sunk without warning at Pearl Harbor? Remember, too, the men killed during the infamous sneak attack? This is the fight that Japan started . . . the fight that we're out to finish!

Don't fool yourself, the Japs are tough. It will take long, bitter, costly fighting to blast them out. It will take new and specialized equipment. B-29 Superfortresses . . . amphibious tanks . . . airplane carriers . . . P-47 Thunderbolts and new secret weapons. And a veritable Niagara of oil and gasoline!

Your War Bonds helped train and feed and equip the American armies that smashed through at St. Lo . . . Nancy . . . Sedan. Yes . . . your War Bonds are helping to win the Battle of Europe. But now how about the Battle of Japan?

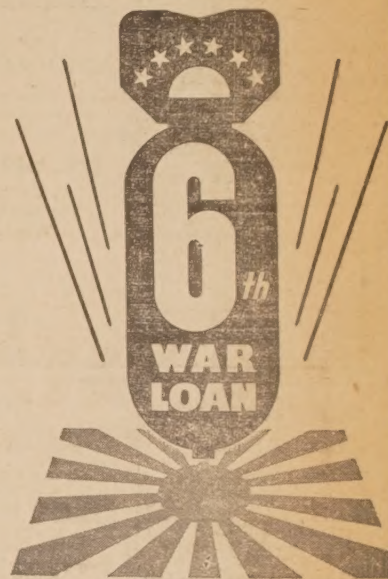

The job is big—you've got to dig!

It costs billions of dollars a month to fight the Battle of Japan. The money must come from every patriotic American. It's an investment in America—your future. That's why you are asked once again—in this great battle for final Victory—to buy your extra \$100 Bond today.

And here are 6 more reasons
for buying at least an
extra \$100 WAR BOND in the 6th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are as convenient as cash—and increase in value to boot!
4. War Bonds mean education for your children, security for you.
5. War Bonds help keep down the cost-of-living.
6. War Bonds will help win the Peace by increasing postwar purchasing power.

YOUR COUNTRY IS STILL AT WAR—ARE YOU?
